

Home Hardening Options by FireMaps:

FireMaps Price List includes a **20% off for all materials**, also includes **installation**. These prices are estimates and can be subject to change.

- Installed Foundation Vents \$170:

[PLEASE NOTE: Custom (Very Large foundations)- \$400 this is based off a recent quote for a large foundation. It is difficult to give accurate pricing without a measure.]

- Installed (rectangular) Soffit/Under eave Vents Standard Sizing- \$130

- Standard Sizing Installed Fire Plugs for Bird Hole Vents- \$28 each

- Standard Sizing Installed gable vents: \$215 EA (prices on these can vary widely)

- Gutter Guards (The pricing for Copper gutters are significantly higher): \$18 per linear foot

All pricing includes Installation and a discount on materials by the manufacturer.

NOTE: If you want your vents painted, we can provide a paint match for an additional \$250 for the entire project

Feel free to call Bailey Justice directly with any further questions or to schedule a measure for a final quote on your project at (510)324-5384.
